WorldCat® Discovery

Expand access to Wiley content with WorldCat Discovery

Maximize your content investments

WorldCat Discovery lets your users to discover and access Wiley content along with more than three billion electronic, digital, and physical resources in libraries around the world through a single search of WorldCat and a central index of more than 3,000 e‑content collections.

WILEY

Thanks to the Wiley/OCLC partnership, your users can search authoritative Wiley databases through WorldCat Discovery. Our partnership increases your users' visibility into your subscribed Wiley databases, and it enables links to available full text through either the WorldCat knowledge base or a knowledge base already in place at your library.

Easily select your Wiley databases

Selecting content in WorldCat Discovery is easy and intuitive. Follow these simple steps to set up access to your Wiley subscription content through WorldCat Discovery. For more detailed instructions and screen shots, see the following section.

1. **Review your searchable databases.** Go to the OCLC Service Configuration site at **oc.lc/config**. Sign in, select *Metasearch Content*, and choose *Default Databases and Licensed Content*.

2. **Add the Wiley databases to which your library subscribes.** Click *Central Index Databases*, and search for *Wiley*. Select the databases you subscribe to and click *Done*. Click *Save Changes* at the bottom of the page.

Detailed guidance for selecting your Wiley databases

Follow the steps below to set up access to your Wiley subscription content through WorldCat Discovery. Because OCLC enhances WorldCat Discovery every month, the screen shots below may not match your view exactly. For the most up-to-date information, visit **oc.lc/database-config**.

1. Sign in to OCLC Service Configuration site (**oc.lc/config**) by clicking *Use Your WorldCat Account* if you want to sign in with your WorldCat Account, or clicking *Use Your OCLC Services Account* if you want to sign in with your OCLC Services Account (WorldShare users).

OCLC

a. If this is your first time signing in using this method, you will be prompted to search for your institution. Enter your institution's OCLC symbol, name, or zip code.

b. Click *Continue* or press <Enter>.

2. Enter your username and password.

3. Click *Sign In* or press <Enter>.

a. If this is your first time signing in with your WorldCat Account, the *Select an Institution* dialog will appear. You can select an institution from the drop-down list or click *I am not affiliated with an institution* to access the WorldCat registry.

4. On the following page, select *Metasearch Content*, then *Default Databases and Licensed Content*. Click *Configure Databases to Search* to select databases to add.

5. Click the *Central Index Databases* tab and use the search box to filter results.

6. Select the databases to which you subscribe, and then click Save.

By default, WorldCat Discovery searches all databases. Use the steps below to filter results for only Wiley databases.

1. In WorldCat Discovery, click *Advanced Search*.

2. Click *All Databases* to display all the selected databases for your library.

3. Select the databases to include in your search filter.

4. Click *Save Changes*.

5. Perform your search. The selected databases appear in the search filters in the *Databases* section.
